2009 RR Improvement – Request #2

Darrin,

I have read articles older than you and I on this one! We can request the Post Office consider delivery service with the recent growth. Millie Brozek may know some history on this!

Thanks,

Dan

Dan:

A second issue has surfaced – can we ask the USPS deliver mail to the homes of the “Patch” and the surrounding areas? If so, how do you suggest we do this?

If not, how come? People are tired of having to go the RR Post Office to get their mail. This seems a bit dated.

Thanks,

Darrin J. Krally
