

NOW OPEN FOR BUSINESS AT PITTSBURGH INDOOR SPORTS ARENA - PISA PUB located on Rich Hill Road in Harmar Township

February 1, 2010 – PISA, a tenant on Rich Hill Road in Harmar Township, has recently opened up a new bar and restaurant with the indoor soccer and sports league arena. “PISA Pub” is now open to the public serving both food and drinks. Cocktails as well!

We stopped down and had a look around. What we have is a very small bar and restaurant that is apparently open for business during both children’s and adult’s sporting events. Complete hours of operation are unknown at this time. We will investigate this further. We imagine this pub will be open while all other events are going on within the building as well.

With the addition of PISA PUB in both Harmar Township and on our adjoining Rich Hill road; this is a clearly a recipe for disaster. The road is already in shambles to begin with. Now people (hopefully over 21) are now free to consume their favorite adult cocktails both before, during and after their children’s soccer or flag football game and get in their car and try their luck on this curvaceous, pothole of a road! It makes an already dangerous situation much much worse! We do not understand the thinking behind the opening of this Pub at all. We clearly do not understand how Harmar Township could allow this to happen! The whole concept just stinks of money, greed and overall stupidity.

Strike two for PISA – We have been told from credible sources close to PISA Ownership/Management that PISA now hosts adult type parties. We are learning more about these parties and understand that the Harmar police were called during one of these parties and actually busted or chased away that couples that were caught in the act within the walls of PISA!

Anyone up for soccer game on their fields?? Perhaps some alcohol for their parties could be provided by the new PISA PUB?? We are very concerned and will take any necessary action to prevent this type of activity from happening within a mile from the front door of our residents!

Harmar Supervisors – we ask once again for your help. We understand the PUB is properly licensed to serve alcohol, but are quite sure PISA is not zoned for this type of establishment!

Please call me with questions. 412 828 6881.

Thank you,
Darrin J. Krally

Indiana Township Supervisor
