To : John F. Burns III (former Harmar Township Supervisor)

From: Supervisor Krally

RE: Rich Hill Road Repair

Dear Mr. Burns,

Thank you for your opinion on Rich Hill Road. I agree with you on these points:

- Harmar does not need my guidance or moral support on this issue
- I was elected to provide input; to listen to our community and make it a better place to live
- The mall you referenced is a dead issue

Here is where we disagree Mr. Burns:

- Rich Hill Road should be closed; **for repavement this year!!!!!!!!!!**

Harmar Township **commercial businesses have destroyed 99.9%** of the Harmar Township section of the road, not the good people of Indiana Township. **Harmar/Redland Brick, PISA and the other trucking company located** on Rich Hill Road have completely tore up the Harmar section of Rich Hill Road. Many Harmar Township residents will tell you this. Please attend a Harmar Township Board meeting for confirmation.

I do appreciate your opinion Mr. Burns, but find it odd that a former supervisor responds. Where are your current supervisors? Muse? Slomer? Toney? Nolls? Hillery? Why have they not responded to me at all? My guess, it is hard to fight a battle when you know you are dead wrong. It is time for them to do the right thing!! **REPAVE THE ROAD NOW – PLEASE!!!!!!!!!!** Your board needs to act NOW! Or regretfully, someone will be severely injured or killed on Harmar’s section of their road due to their apathy and negligence.

Let’s lessen the amount of tractor trailers on Rich Hill Road and finally see Harmar Township Public Works trucks repaving Rich Hill Road this spring!!!

Please contact me at any time Mr. Burns.

Sincerely,

Darrin J. Krally – Indiana Township Supervisor
