Annette:

I want to thank both you and your Supervisors for aiding in the repair work done so far along your portion of Rich Hill Road. We do appreciate the effort as many potholes have been filled recently.

I want to acknowledge that I am sensitive to your budget restrictions. When DO you see a repave for Rich Hill Road in the future? The road is still a major safety hazard. I would like to publish your response on my website as I need to update my constituents regarding this matter.

Thank you again.

Sincerely,

Darrin Krally  
Indiana Township Supervisor
