Krally sets meeting with Prato:

Lorena:

There is a lot of testing going on at this time throughout the County and more recently throughout various parts of our Township. Please contact the Manager for specific information.

Let's plan on talking, in person, on Tuesday October 11, 2011 at 8pm at the Town Hall.

See you then.

Thanks,
Darrin

Hi Darrin,

I really would like to have a chat with you, but not over the phone. Let me know when we can meet, and in the mid time, I would like some information on the seismic testing that supposed to happen sometime this week, on our end of the township. As you well know, most of the construction on Rural Ridge is on top of coal mines.

I am waiting for your reply,

Lorena
