Re: Addendum

Estates of Rural Ridge: The Board approved releasing funds back to the Developer last night based on 1 more fix that will occur by COB today. The vote was 4-1 in favor of releasing the funds. I voted “no” as I wanted our Engineer to continue talks with the Builder to close out additional issues.

Rich Hill Road: We are being slandered at www.harmartownship.org. I sent this response and hope that it gets posted:

To whom it may concern:

Your comments on www.harmartownship.org regarding Indiana Township are incorrect. We are writing to give you the facts.

Here are both the comments/untruths you posted on your site along with the facts that we will share with your visitors:

Comment #1

Why is our board of Stupidvisors buckling under to a supervisor from Indiana Township about the condition of Rich Hill Road. Indiana Township received around a million dollars from the developer of their new housing development for the upgrading of Rich Hill Rd.

Darrin Krally Fact #1 - Your Board promised to paint lines on their portion of the road months ago. They also agreed to remove and ticket the brick plant's forklifts for driving on the road illegally. They also agreed to put weight limit signs along the road as well. Guess what? The promises were made many months ago and NOTHING has changed.

Also, Indiana Township did NOT receive any money from anyone for Rich Hill Road. We, like most responsible Township Officials, spend taxpayer money with the best interests of the people of Indiana Township in mind at all times.

Comment #2

Indiana Township is pressuring Harmar to fix our part of the roadway so the Developer is satisfied with the money he gave them. Why hasn't Indiana Township repaired their section of Campbell Run Road which collapsed several years ago?

Darrin Krally Fact #2 - We reviewed this five years ago it was decided not to re-open the road due to no usage - except for illegal dumping!
We did everyone a favor and prevented a much larger problem from developing.

Comment #3

Anyone ever drive on Indiana Townships section of Jacoby Rd? Well its no better than our section of Rich Hill Rd.

Darrin Krally Fact #3 - Jacoby is split between Indiana and Harmar. It is our intention to discuss the possibility of together resurfacing the road in the near future as we have in the past!

If you are interested in the facts as opposed to being disrespectful with all of the unnecessary mud slinging posted on this site, please visit www.darrinjrally.com or email me directly at dkrally@darrinjrally.com.

Feel free to post my name on your site. Would anyone like to purchase a "Fix Rich Hill Road" t-shirt??

Thank you,
Darrin
