Darrin J. Krally - District #3 Report:

- 1) 12/1/07 - Doreen Benkoski (366 Melody Lane) called a 2nd time and stated that relations with her immediate neighbor are worsening. I asked that she send me a written letter stating the issues. I explained that we need to determine if this is a personal issue, a safety issue and/or a township issue. She was to have this to me by COB Wednesday 12/5/07. To date, I have not received the letter.
- 2) 12/5/07 – Rick Graca resigned as the Rural Ridge Representative for the Parks and Recreation Board. We wish him well and will immediately look for a replacement.
- 3) 12/6/07 – Ken Turnbull (Marshall Hill Road) called to discuss the post snow/ice storm and overall condition of Marshall Hill Road. Ken said that after the storm, Marshall Hill Road was ice covered in many parts and is completely frozen. He also stated that:
 - 3 accidents have occurred so far
 - He spun his truck into the hill side
 - Other vehicles appeared to hit the hillside
 - 1 car blew out a tire
 - His wife slid through the intersection
 - The ice continues to build up on the cinders
 - It is completely unsafe after a heavy snow and ice storm

We discussed the situation and agreed that Marshall Hill Road repair “is already in the hopper for maintenance,” but agreed that we should explore pushing repair time up. I emailed Dan and am awaiting feedback.

- 4) 12/6/07 – I talked with Rob Serrao from the Estates of Rural Ridge. He let me know that he was having difficulty obtaining the list of potential repair items for the Estates. He and I decided that it might be best to take action ourselves. I let him know that I would attempt to arrange an evening when he, I and our Engineer can do a “walk through” to determine possible maintenance/repairs. I will talk to Dan Slagle at tonight’s meeting.

- 5) 12/10/07 – For the friends and residents of both Rural Ridge and the entire township, our new website, www.darrinjrally.com, went live. All township residents can find valuable information on the happenings within our district and can email me directly at any of the following addresses:
