**Subject:** Rich Hill Road

Has anybody been on Rich Hill Road, off Route 910 in Harmar lately. Don't. For those of us that live off this pot-hole infested road, we wouldn't wish that on anyone. Except Harmar. They are responsible for Rich Hill Road until it crests the hill by the entrance to Rich Hill Estates. It's embarrassing. They receive revenue from the sports arena, the brick company and a few others. Surely enough to cover the cost of a repave. Surely enough to avoid an accident and heaven forbid, someone getting hurt. Our Indiana Township Supervisor has tried everything. Harmar refuses to fix it. Why? Someone needs to explain all of our auto repair bills from the road to us, or better yet, pay for them. Don't EVEN try riding a motorcycle on it. Thanks for listening.
