Dear Dan:

Good afternoon. Simply put, I am in great need of your help. We share a road with Harmar Township. I am referencing Rich Hill Road. It is by far one of the worst roads in the County. I believe you are familiar with Rich Hill Road. There are several trucking companies, a brick plant and an indoor soccer facility on this road. The many vehicles that travel this road have destroyed the Harmar portion of the road. The Harmar Board refuses to fix their dangerous and treacherous portion of the road. They claim they do not have the funds to fix the road at this time or in the near future. I strongly disagree.

Nick Futules agrees that Harmar has a liability issue on their hands with the current condition of Rich Hill Road. Nick indicated the County might provide half of the cost associated with repavement in the form of a grant. Harmar refuses to even apply for grant money. This is outrageous!!!

Dan, someone will be either injured or killed if we do not force corrective action immediately. There are many schools buses that use this road as well. The safety of our children must come before their (Harmar) Board's excuses.

Please review the articles on my website, www.darrinjrally.com, to bring you up to speed.

Feel free to call me at any time.

Thank you,

Darrin J. Krally
