Re: Rich Hill Road Update

---

Hello:

To date, not one of the current Harmar Township Supervisors have responded to my numerous calls, letters and emails concerning Rich Hill Road. It seems as though Kim Toney, Mike Hillery and Barb Nolls prefer a more indirect approach. While at an LGA Graduation Dinner, our manager, Dan Anderson, attempted some good will with Mike, Kim and Barb.

During this conversation, Mike Hillery, Kim Toney and Barb Nolls, took an opportunity to say derogatory comments about myself. Kim Toney led this attack and went so far as to make a political threat against me and my family.

You see, my in-laws live in Harmar. My father-in-law is a board member of Highlands Woods Condominium Association. My father-in-law asked Harmar Township to "take over" their pump station. He did what he needed to do and submitted his application to the Harmar Board. No decisions have been made as of yet.

During Dan Anderson's talk with Kim Toney, Kim mentioned both the pump station and the fact that Jon and I are family. In my opinion, I find this fact both interesting and disturbing. Perhaps Kim will vote "no" on this issue? Perhaps Mike and Barb will follow suit? Let's stay tuned. I have no opinion on this matter as it is not a District #3/Indiana Township matter. I think this is another weak threat made by an aggravated elected official with an ax to grind; a useless threat just like closing their portion of Rich Hill road. Making unnecessary threats seems to be what the current board in Harmar Township is all about. Shakedown politics in action.

Kim Toney also mentioned that our petition of 65 signatures to fix their portion of Rich Hill Road is merely "65 more reasons to close their portion of the road!!!!!" Please stop with the disgraceful and unethical comments and grant authorization to fix the road before someone is injured or killed!! As always, please contact me at any time to discuss.

Thank you.

Darrin J. Krally – Indiana Township Supervisor
