

Petition to Improve Marshall Hill Road

Petition Summary and background	Marshall Hill Road is one of the few dirt roads left in Indiana township and is the scene of numerous accidents. It negatively impacts the quality of life for the residents due to its narrow width, lack of warning signage and variable road conditions. It is icy in the winter, muddy in the spring and dusty in the summer.
Action petitioned for	<p>We, the undersigned, are concerned citizens who urge our leaders to act now to;</p> <ol style="list-style-type: none"> 1) Complete the missing drainage links so the road surface can be fully widened over the existing muddy trenches. 2) Pave from Rich Hill Road to the Mullen & Turnbull driveways so all the adjacent residents have a safe & healthy egress. 3) Install appropriate safety signage alerting drivers to the unique road conditions. 4) Improve the quality and frequency of the winter snow plowing by scraping it down to the existing road surface and adding more anti-skid material. <p>Note: We do not want the entire road paved or closed!</p>
